A heavy frost Thursday morning.

The "gang" "got to the joint" in good shape once more.

The election Monday passed off quietly, there being no disturbances.

The St. Louis and San Francisco railroad is to be built to Kingman this year.

There was a time when the editor of the Globe feasted on Kelley's "pile."

Mrs. Steinman and daughter have opened the restaurant lately occupied by J. M. Bay.

Two inches of snow fell Wednesday morning. It moistened the ground enough to start grass and help the wheat.

We understand that a new round-house is to be built at this depot. The present building is inadequate, holding only four engines, while more is needed for at least a dozen locomotives.

The city election on Monday has greater significance than the result of that day. The "gang" has its "courage up," and being in good fighting trim, proposes to lead the Republican hosts to victory. "And don't you forget it."

At a meeting of the stockholders of Prairie Grove Cemetery, held April 1st, C. M. Beeson was appointed Treasurer and agent to collect all moneys due the company. Any one knowing himself indebted to this company will settle with him and save further trouble.

ORDERS have been issued to the troops to drive out cattle men from the Indian Territory. This is the result of the attempt to invade and settle the Territory by adventurers. The innocent suffer with the guilty, and it will be a serious hardship on the cattle men.

SUPERVISOR EVANS has divided Ford county into five enumerations or census districts as follows: Dodge City, Dodge township, all north of Arkansas river; Dodge township, all south of river; all of Spearville township; all of Wheatland township. Foote county is embraced in one district.

The retiring members of the City Council, Messrs. C. M. Beeson, Morris Collar and Walter Straeter, performed their duties faithfully, leaving little cause for complaint. Mr. Beeson served three years in the Council. They retire with the satisfaction that they did the best within their power.

THE Union Church was crowded beyond its capacity Sunday night. Many persons were unable to gain admittance. The occasion was a Sunday school concert under the direction of the Superintendent, J. E. Henderson. The pupils acquitted themselves admirably and to the satisfaction of the appreciative audience.

THERE is always a nice distinction drawn by the Globe whenever it has a ticket in the field. The "gang" has honored Shinn with an office; it elected Frost to the Legislature; it elected Dr. McCarty twice to office; and with one exception the Globe's ticket once belonged to the "gang." But the Globe's friends are not responsible for its nice distinctions. However, the Globe very sensibly accepts the defeat, which it in a great measure helped to bring about.

Pueblo Chieftain, 7th.

THE Atchison, Topeka & Santa Fe bridge across the Arkansas at Granada was destroyed by fire Tuesday. The fire was accidental.

THE two men who killed the jailor at Las Vegas a few days since in attempting to rescue the murderer, Webb, escaped from their pursuers and Webb wasn't lynched after all.

THERE will be a change in the time card of the Atchison, Topeka & Santa Fe road some time during the present month. It is supposed that the passenger train which now runs between Kansas City and Nickerson will run through to Pueblo.

THE CITY ELECTION.

The election on Monday, for Mayor, Councilmen and Police Judge, resulted in the overwhelming election of Mayor Kelley, Councilmen Harris, Randall, Galland, Beverley and T. J. Draper, and Police Judge Weaver. This was indeed a surprise, as much so to the friends of the successful candidates as to the friends of the defeated candidates.

The opposition had counted on the prestige of the victory of last fall to insure the success of the election of city officers this spring; and when a call, numerously signed, was made, urging Dr. McCarty to become a candidate for Mayor, nearly everybody thought about the best thing to do was to make no opposition. But a ticket was brought out with the triumphant result as shown elsewhere. Counting on the voters going to the polls without rallying, the opposition stood on the street corners gazing intently on the earnest work made by Kelley's friends.

We believe the people will be satisfied with the present Mayor and Council before the year is over. The Council are men of excellent character and ability and will no doubt endeavor to serve in their official capacities to the best interests of the people. Everybody knows Jim Kelley to be a kind hearted and honest man, and it is within his power to remove some of the causes of complaint. It is not possible to make a perfect administration of city affairs; but we believe the best will be done to secure the safety, comfort and protection of persons and property. We contend that as long as Dodge City derives its principal support from the cattle trade, it must have a strong city government; and as the expenses of the city are paid out of whiskey and other licenses, there is little cause for complaint, from the mass of the people on the score of an expensive administration.

We wish to remark that the so-called "gang" don't sit on dry goods boxes when they have political work to do. They sow early and they reap later. They are indomitable, and with an energy and perseverance in the search of a straggling voter that is commended by our neighbor on the corner.

As the Globe's funeral note was sounded on Monday, we take the occasion, at its request, to pronounce the benediction over its lifeless—dead political body. Amen.

It was our good fortune to participate in the most select party ever given in Spareville. The elite of society assembled at the new building of I. N. Van Voorhis last Monday evening and proceeded to dedicate the new structure by tripping the light fantastic toe. Keeping time with the beautiful strains of music as they fell upon the placid air from violins in the hands of Messrs. Christ and Christensen. Miss Robinsons, Miss Boyd, and Miss Saunders of Hodgeman county and Miss Nichols of Spareville, were in attendance, also Mr. Andy Kingade, Mr. J. E. Van Voorhis, Mr. Freeman, Mr. G. W. Potter and Mr. I. N. Van Voorhis. The gay assembly seemed to vie with each other in their efforts to bear off the laurels of the occasion. Wealth and beauty richly attired and graceful dancing was so equally distributed that honors were even and for ought we know, every one happy. At an early hour we wished the ditty waltzers a happy time and hied away to our humble couch and dreamed of other days when we were young and participated more freely in the same innocent amusement.

CAPTAIN RANDALL has circulated a petition, asking Congress to give the right of way through the Indian Territory, for a railroad from Arkansas City to Fort Smith, Arkansas. It is proposed to extend the A. T. & S. F. Railroad on this line, making a Memphis connection, and giving this section of country a shorter Southern outlet. With a shortened railroad line from Dodge City to Wichita or Winfield, we could have a nearer route to St. Louis or the South. The Kansas City Journal says of the proposed road:—

The proposed railroad across the Indian Territory, to connect the Atchison system with that of the Little Rock and Fort Smith, would be of immense benefit to both roads. The region that would be traversed is itself very productive, while there is a vast amount of traffic on the two main roads which could be exchanged to the mutual advantage of both. The proposed road is to run from Arkansas City to Fort Smith and is to be called the Cherokee and Arkansas River Railroad Company. The capital stock is not to exceed \$4,300,000.
